New Crosswalk

The Ministry of Transportation (MTO) has installed traffic lights near Phillip Thomas Vinet Centennial Park on Highway 105. These lights are intended to operate as a pedestrian cross walk between Young Street and the Park.

HOW IT WORKS: The lights will remain green and will only be activated when pedestrians are present and press a button on either side of the Highway. When the button is activated, the traffic signal will change to red and force traffic to stop, which will allow pedestrians to cross safely.

The lights can be seen on the south side as far back as the High School soccer field and on the north side as far back as Howey Bay Road.

Motorists are reminded to be alert and be prepared to stop as required.

Reminder – Winter Snow Removal

Pursuant to the Snow or Ice By-Law No. 76-2021, all snow removed from driveways and/or parking lots is to remain on the owner's property and is not to be deposited on neighbouring or municipal properties, roadways or sidewalks. This includes pushing snow across roadways. Anyone who contravenes this By-Law may face fines of up to \$400.00.

We thank you for your cooperation!
